Any Sound You Can Imagine Jun 02 2020 Describes digital musical instruments, industries that supply and promote them, and the meanings they have for musicians. Winner of the International Association for the Study of Popular Music (IASPM) Book Award (1997) Recent innovations in musical instrument design are not simply a response to the needs of musicians, writes Paul Théberge; they also have become "a driving force with which musicians must contend." He argues that digital synthesizers, samplers, and sequencers in studio production and in the home have caused musicians to rely increasingly on manufacturers for both the instruments themselves as well as the very sounds and musical patterns that they use to make music. Musical practices have thus become allied with a new type of consumer practice that is altogether different from earlier relationships between

musicians and their instruments as a means of production. Théberge places these developments within a broad social and historical perspective that examines the development of the musical instrument industry, particularly the piano industry, the economic and cultural role of musicians' magazines and computer networks, and the fundamental relationships between musical concepts, styles, and technology.

[Kiss of the Marlin](#) Nov 07 2020 What would you be willing to do to change your life's direction? That's the question that Casey Doran, a man of perpetual inaction and rigid standards, is faced with. His ordinary life is upended after a whimsical intervention south of the border leads him on a new path of self-discovery and earthly enchantment. He comes to realize along the way that love has many faces, and even more important, that playing it safe can be the most dangerous of all. Kiss of the Marlin is a romantic fantasy that blends human desire with a sense of wonderment where secret wishes can come true. This is Mark Fiorito's second novel. He has also authored The Run, several screenplays, and a collection of poetry. Mark was raised in New Jersey and now divides his time between San Diego and Louisville with his wife, Joan.
