The Buffalo Hunters Feb 08 2021 In 1867 conservative estimates put the number of buffaloes in the trans-Missouri region at fifteen million. By the end of the 1880s, that figure had dwindled to a few hundred. The destruction of the great herds is the theme of The Buffalo Hunters. Mari Sandoz's vast canvas is charged with color and excitement—accounts of Indian ambushes, hairbreadth escapes, gambling and gunfights, military expeditions, and famous frontier characters such as Wild Bill Hickok, Lonesome Charlie Reynolds, Buffalo Bill, Sheridan, Custer, and Indian chiefs Whistler, Yellow Wolf, Spotted Tail, and Sitting Bull.

Speaking to History Feb 20 2022 The ancient story of King Goujian, a psychologically complex 5th-century BCE monarch, spoke powerfully to the Chinese during the 20th century, but remains little known in the West. This book explores the story's connections to the major traumas of the 20th century, and also considers why such stories remain unknown to outsiders.

The 40s: The Story of a Decade Apr 12 2021 This captivating anthology gathers historic New Yorker pieces from a decade of trauma and upheaval—as well as the years when The New Yorker came of age, with pieces by Elizabeth Bishop, Langston Hughes, Joseph Mitchell, Vladimir Nabokov, and George Orwell, alongside original reflections on the 1940s by some of today's finest writers. In this enthralling book, contributions from the great writers who graced The New Yorker's pages are placed in historical context by the magazine's current writers. Included in this volume are seminal profiles of the decade's most fascinating figures: Albert Einstein, Walt Disney, and Eleanor Roosevelt. Here are classics in reporting: John Hersey's account of the heroism of a young naval lieutenant named John F. Kennedy; Rebecca West's harrowing visit to a lynching trial in South Carolina; and Joseph Mitchell's imperishable portrait of New York's foremost dive bar, McSorley's. This volume also provides vital, seldom-reprinted criticism, as well as an extraordinary selection of short stories by such writers as Shirley Jackson and John Cheever. Represented too are the great poets of the decade, from William Carlos Williams to Langston Hughes. To complete the panorama, today's New Yorker staff look back on the decade through contemporary eyes. The 40s: The Story of a Decade is a rich and surprising cultural portrait that evokes the past while keeping it vibrantly present. Including contributions by W. H. Auden • Elizabeth Bishop • John Cheever • Janet Flanner • John Hersey • Langston Hughes • Shirley Jackson • A. J. Liebling • William Maxwell • Carson McCullers • Joseph Mitchell • Vladimir Nabokov • Ogden Nash • John O'Hara • George Orwell • V. S. Pritchett • Lillian

Story of Life Aug 29 2022 At first, nothing lived on Earth. It was a  
noisy, hot, scary place. Choking gas exploded from volcanoes and  
oceans of lava bubbled around the globe... Then in the deep, dark  
ocean, something amazing happened. This is an exciting and dramatic  
story about how life began and developed on Planet Earth, written  
especially for younger children. The authors explain how the first  
living cell was created, and how the cells multiply and create  
jellyfish and worms, and then fish with bendy necks, which drag  
themselves out of the water into swampy forests. They tell the story  
of the biggest creatures that have ever walked on land - the  
dinosaurs. Long after that, hairy creatures who have babies, not eggs,  
take over, stand on two legs and spread around the world, some of them  
living through cataclysmic events such as ice ages and volcanic  
eruptions. Everyone living today is related to these survivors. With  
delightful illustrations including lots of detail and humour, all  
carefully researched and checked, this book shows the development of  
life on Earth in a truly accessible and simple way. [CLICK HERE](#) to

Reign of Light Oct 07 2020 This is the story of a man and his people. In an age when persecution over religious differences was the norm in Western Europe, he gave the Jews of Europe safe haven and freedom to practice their religion. In an age when cruelty rather than kindness was common practice, he instituted laws for the protection of women and serfs. In a country where law itself was what the local strongman decreed, he brought the light of learning and hope. Warning: This book is more than just a time machine. Not only will it take you back seven centuries; while there, you will learn honor, valor, loyalty, despair and enduring love. You will learn to respect the past. You may also find hope for the future.
