The Metalogicon Aug 02 2020 Written in 1159 and addressed to Thomas Becket, John of Salisbury's The Metalogicon presents -- and defends -- a thorough study of the liberal arts of grammar, logic, and rhetoric. The very name "Metalogicon", a coinage by the author, brings together the Greek meta (on behalf of) and logicon (logic or logical studies). Thus, in naming his text, he also explained it. With this lucid treatise on education, John of Salisbury urges a thorough grounding in the arts of words (oral and written) and reasoning, as these topics are addressed in grammar and logic. Written more than nine hundred years ago, The Metalogicon still possesses an invigorating originality that invites readers to refresh themselves at the sources of Western learning.

[Salisbury City Hall - Through The Looking Glass](#) Dec 18 2021 The opening of the New Picture House Cinema in Fisherton Street on 27th September 1937 caused quite a stir in Salisbury. For 24 years, the cinema drew in the crowds and entertained the people of Salisbury until it closed in 1961. On 30th January 1963, the building received a new lease of life when it opened as the City Hall, a multi-purpose community venue. The Hall became the home for the local beat dances, hosting the likes of the Beatles, the Rolling Stones and local boys, Dave Dee Dozy Beaky Mick & Tich. This book charts the history of the building from 1937 to 2013, based upon interviews with staff both past and present.

The Salisbury Manuscript Jul 21 2019 In the fog-shrouded autumn of 1873 a man dies violently while searching a burial chamber on the outskirts of the city of Salisbury. At the same time Tom Ansell, a young lawyer, arrives from London to receive a manuscript from one of the Cathedral Canons. Felix Slater wants the compromising memoirs of his late father to be locked away until after his own death. But Slater's death comes much sooner than expected, and it is Tom who discovers the clergyman's body and comes under suspicion for his murder. The manuscript has disappeared. To clear himself, Tom must go in search of the real culprit among the strange members of Slater's family and others who dwell in the shadows of the great cathedral and the ancient earthworks of Salisbury Plain. He is helped by his fiancée, Helen Monroe, a young woman who is proving her independence by writing a 'sensation' novel. Before the search concludes, Tom and Helen's own lives will nearly end at the hands of an ingenious and elusive killer. Praise for Philip Gooden: 'The witty narrative, laced with puns and word play so popular with this period, makes this an enjoyable racy tale' Sunday Telegraph 'The book has much in common with the film Shakespeare in Love - full of colourful characters . . . but the book has an underlying darkness.' Crime Time

Salisbury Jan 19 2022 Salisbury, North Carolina, is the county seat of Rowan County, which was carved in 1753 from Anson County. Salisbury, located on the junction of a Native American trading route and the Great Wagon Road through North Carolina, was an important economic crossroads through most of the 18th and 19th centuries. Salisbury became a railroad hub in the 1850s, was the location of a large Confederate prison during the Civil War, and is home to two historic colleges Catawba College and Livingstone College. The locally popular soft drink Cheerwine has been headquartered in Salisbury since 1917. Today, Salisbury is revered as a historic North Carolina city that preserves the past while actively embracing the future. Salisbury showcases the rich transportation, commercial, and community history of this piedmont city."

The Story of Salisbury Cathedral Nov 24 2019

Salisbury Dec 06 2020 It is an evening in the summer of 1862 and James Reed crouches near a stream named Bull Run. Many have died this day and more will die when the sun rises. Unlike others close to him, he survives to be whisked by train through small towns with cheering crowds Buffalo-bound where a hero's welcome awaits. In spite of finding Ellen, the girl who has loved him since childhood, the loneliness of caring for his dying mother, living with a stern, cold father, and companionship of derelict friends cast aside by the town's social structure, Reed, absent of purpose and adrift in an alien world, re-enlists. More battles and Reed's capture during the siege of Petersburg lead to a journey into a hell unimagined in the age of duty and glory. James is imprisoned at Libby in Richmond and transferred to the death camp of Salisbury, North Carolina. Salisbury is a story of survival over fear, sickness, starvation, and brutality at the hands of hateful guards and psychotic inmates. All of Reed's comrades will perish to be buried in mass graves where over 11,000 lie today in a national cemetery. Will Reed survive and the struggle ultimately have any meaning?
